Live it. *Love it.*

Cute **smiles** today. Healthy **teeth** tomorrow.

Teeth enamel is in the formation stage in babies. Chicco offers a specialised toothpaste range for babies and young children to keep their teeth and smiles healthy.

*when compared to maximum allowed level of abrasion.

**75% Lower
Abrasive***

To protect the enamel of
baby teeth

**No Fluoride
(up to 6 years of age)**

Safe even if swallowed by chance
in small amount

With Xylitol

A natural ingredient to help
protect teeth from decay
and cavities

**Age Appropriate
Flavours**

Age Familiar Flavours to promote
good oral hygiene in babies

"The IDA Scientific Council's acceptance of Chicco Toothpaste is based on its finding that the product is safe and has shown efficacy in helping prevent tooth decay when used as directed".

The Chicco Research Center focuses on the needs of children and encourages the direct involvement of parents. It also draws on the expertise of medical professionals and academics, to offer innovative solutions and help parents in everyday life.
